finish.

The managers for District Attorney Whitman are supremely confident. Some of them go so far as to say he will win by a vote of 3 to 1.

Those who have charge of the campaign of Harvey D. Hinman are emphatic in expressing the belief that, with the organization they have perfected upstate, and Hedges splitting the vote with Whitman here, the Binghamton Senator will win.

Friends of Job E. Hedges acknowledge that they are not going to get much of the vote that can be controlled by the district leaders, but they are counting on his popularity and anticipate a large "silent" vote for him. They complain bitterly of the efforts of organization leaders for the other candidates, and declare it to be a violation of the spirit of the direct primary law.

Former Senator Hinman spent the

lation of the spirit of the direct promary law.

Former Senator Hinman spent the day at the Murray Hill Hotel, preparing his speeches and seeing many visitors. Among those from upstate were former Senator George H. Cobb and Francis M. Hugo, of Watertown; W. Barlow Dunlap, of Montgomery County, and a delegation from Rensselaer.

"The reports that we have been receiving," said J. Calvin McKnight, "show that Hinman is gaining all along the line and that in many counties Hedges will have more votes than Whitman."

Mr. Hinman expects to go to Binghamton on an early train this morning. At Jamestown to-morrow he will meet the leaders of Chautauqua, Cattaraugus the leaders of Chautades. On Tuesday and Allegany counties. On Tuesday there will be four or five night meet-ings in Buffalo. William R. Daniels has opened Himman headquarters there and reports that he is making converts daily. There will be a luncheon at the Ellicott Club, at which Mr. Hinman will be introduced to many leading members of the organization. Wednesday he will meet the leaders of Orleans County at Medina. That night he is to speak in Auburn. The following day he will speak in Sullivan County, at Liberty. Friday and Saturday he will be in this city again. The first evening will be devoted to Brooklyn and Saturday night to Manhattan, beginning with a big meeting in the 23d Assembly Disa big meeting in the 23d Assembly Dis-

Canvasses have been made by us and in every case the poll has shown increased support for Mr. Whitman. Confines Discussion of Politics to Prediction-Speaks on Waterways.

Governor Glynn, who is at the Vanderbilt Hotel, was exceedingly reticent on political matters yesterday. He did say, however, that, after travelling lundreds of miles through the state, he was satisfied with the situation and xpected to win the nomination of the Democratic party without any trouble.

As to the possibility that William Church Osborn might be induced to reconsider his determination not to serve another term as state chairman, Mr. Glynn was silent. He did say, how-ever, that his relations with Mr. Osorn had always been most cordial and hat he was one of those most responsible for the original selection of the state chairman.

The Governor is particularly intercated at the moment, he said, in try-ing to induce Congress to give New York State a larger appropriation for the development of waterways in this the development of waterways in this state. Hutchinson, Kan., Sept. 19. Theodore Roosevelt, speeding across Kansas and expounding the doctrine of the Progressive party, ended his first day's journey here to-night with a speech in Convention Hall. The hall was crowded, and Progressive leaders from all Western Kansas came to discuss party plans with their national leader. "I am back in Kansas to speak and fight for Victor Murdock and Henry Allen and the entire Progressive party ticket," the colonel said. "Those Progressively inclined citizens who have hoped for a measure of advanced constructive legislation from the Republican party have learned their error. In beginning his speech the Senator called attention to an alleged attack made on him by "The Standard Union," a newspaper printed in Brooklyn. In an editorial Friday the paper intimated, he said, that a large power company in the northern part of the state "favors my nomination because it and like concerns would profit thereby."

"It concludes the editorial," asserted the candidate, "with 'there are forces behind the Hinman candidacy that apparently have not come into the open.'
